

# Richard

Richard aged 8 just loves to watch YouTube videos especially if they are about tractors.

**He likes to be on his bike, play with toys and attend activity clubs. Richard has a great sense of humour, is very active and affectionate, but can display challenging behaviour at times owing to attachment difficulties.**

Richard attends Severndale special school in Shrewsbury. He likes to interact and please people, often telling jokes.

Richard needs a stable calm and consistent environment where he can spend time with his carers who will focus all their full attention on him.

If you are resilient experienced carers, with a calm but firm approach and with no other children or pets then Richard could thrive with you and reach his true potential.
