

Tilly

Tilly, is aged 12 and she loves ice skating, arts and crafts and playing with her friends.

She has a bubbly personality with a good sense of humour, enjoys chatting and having a laugh and a joke.

Tilly is very sociable and is happy to talk and share her feelings. She enjoys country walks and is always up for going shopping.

Academically she is very able and is confident and determined.

She can however at times be stubborn and can struggle with her identity as a child in care. Tilly would benefit from long term foster care with a loving family who can provide her with stability, security and a sense of belonging as she progresses into her teenage years.

If you think you can offer a long term home to Tilly and support her - please get in touch on **01952 387387**
