

# Anna

**Anna aged 13 is an active girl with lots of interests, including drama, dance and horse riding. She is also very creative and loves art and baking.**

Anna is a kind and caring girl with a lively personality who would settle well in a family environment.

Anna enjoys spending time with her friends and she is currently developing her independent skills. She has had trials of being dropped off at the cinema and McDonalds to spend time with her friends and these trials have gone well.

Anna has found it difficult to manage her emotions in the past and would benefit from being in a loving and nurturing environment, with experienced carers who recognise her potential.

She would ideally be placed long term with a couple who have no other dependent children who can offer a stable and secure home into adulthood and beyond.
